Dear Friends,

Did you know that if you shop online with Amazon or Give As You Live you can now donate automatically to Animal Saviours to help countless animals, from puppies and ponies to swans, hedgehogs and even baby rhinos!

And it will cost you absolutely **NOTHING**. There are a couple of ways you can donate to us while you shop online.

Smile is Amazon's charity contribution portal, it looks the same as your normal Amazon and all the products cost the same too. The difference is that each time to buy a product through Amazon Smile they will contribute a small amount of the purchase price to us. Which means we get a donation each time you shop and it doesn't cost you a penny.

Give As You Live (GAYL) is a way to shop online, using many of the stores and websites that you know and love. In fact there are over 4,000 stores and websites registered that work with GAYL. The sites include shops like Boots, Waitrose and John Lewis. Also websites such as eBay, Booking.com and Ticketmaster can be found there too. The difference is that when you browse around your normal stores and websites using GAYL and buy a product or service a percentage of what you spend is donated to Animal Saviours. Again this costs you nothing and you get the same great deals that you normally would, so what's not to love?

Just follow the instructions below to set up and use these great sites:

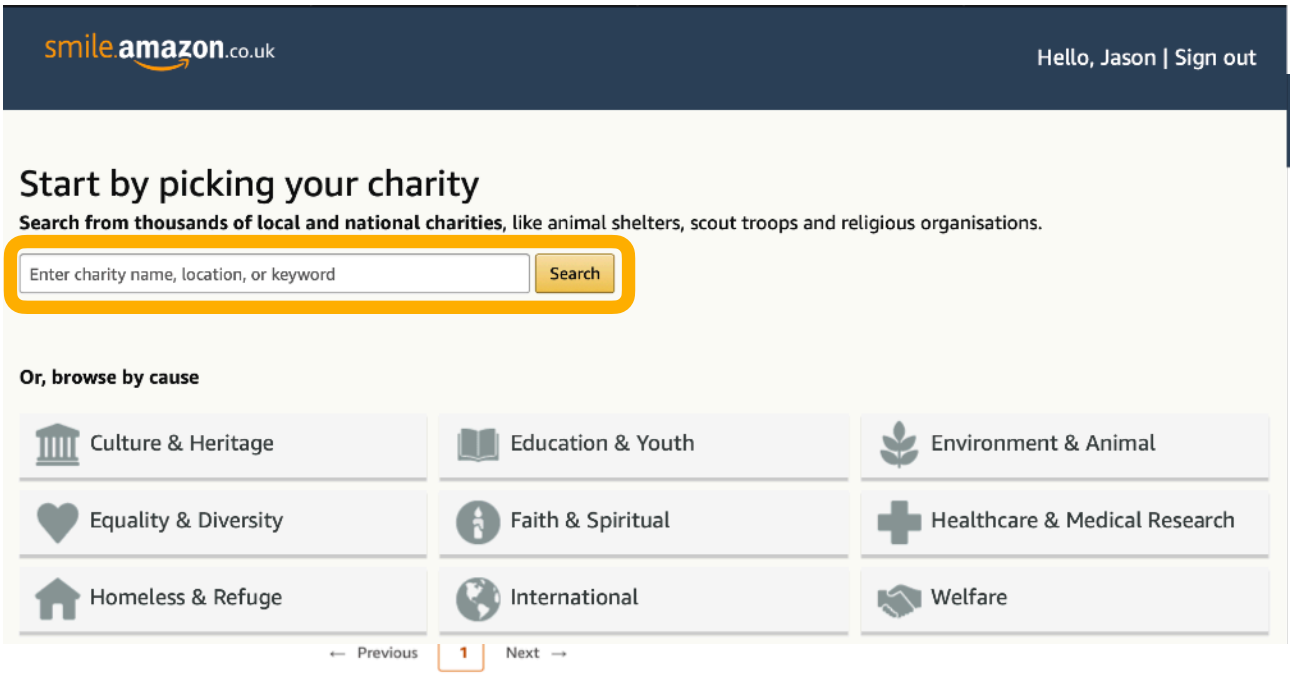
Instructions for Windows PC or Mac web browser

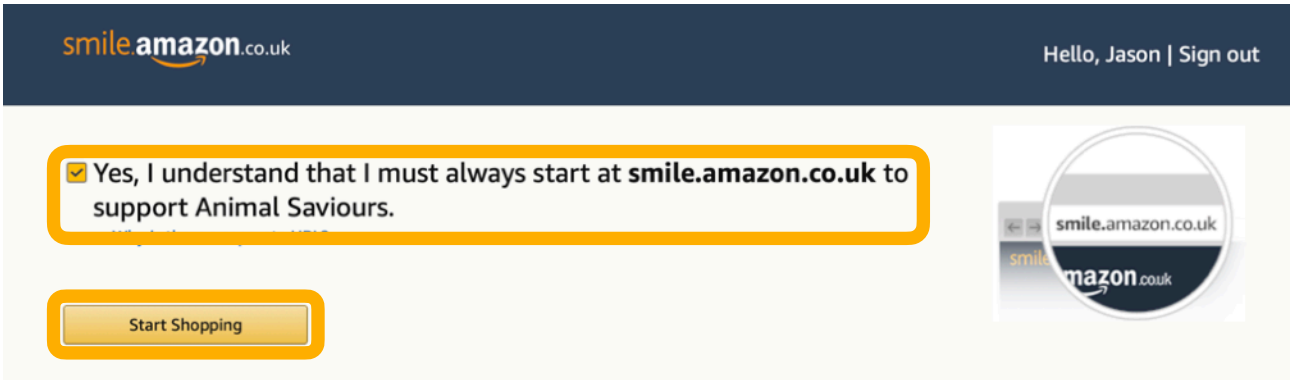
Important Note: You can use any web browser (Windows Edge, Explorer, Firefox, Chrome, Safari etc) with Amazon Smile. But you must **ALWAYS** use Amazon using the smile.amazon.co.uk website (explained below) and not the normal amazon.co.uk or amazon.com sites. If you have any bookmarks or shortcuts for Amazon please update them using the smile.amazon.co.uk link below, otherwise Animal Saviours will not receive a donation, even if you are registered to donate to us.

First you need to go to the Amazon Smile website here: **https://smile.amazon.co.uk/**
This is exactly the same as the normal Amazon site, the difference is that every time you buy through Amazon Smile you will be making a donation to Animal Saviours. You need to log in to the Smile.Amazon site with your normal user name and password. Once you have done this you can search for and then register Animal Saviours as your chosen charity.

After you have logged in you will see a screen like the one above, asking you to search and pick you charity. Type Animal Saviours into the search bar and click the Search button……
The search should come back with Animal Saviours at the top of the list, please check it is the correct one (Great Witley) before you click Select.



After you click Select you will have to confirm that you understand that you must ALWAYS shop through the smile.amazon.co.uk to support us (see below)



From now on, as long as you shop through smile.amazon on your computer you will be donating a little money to us every time.

Instructions for Google Android and Apple iPhone Apps

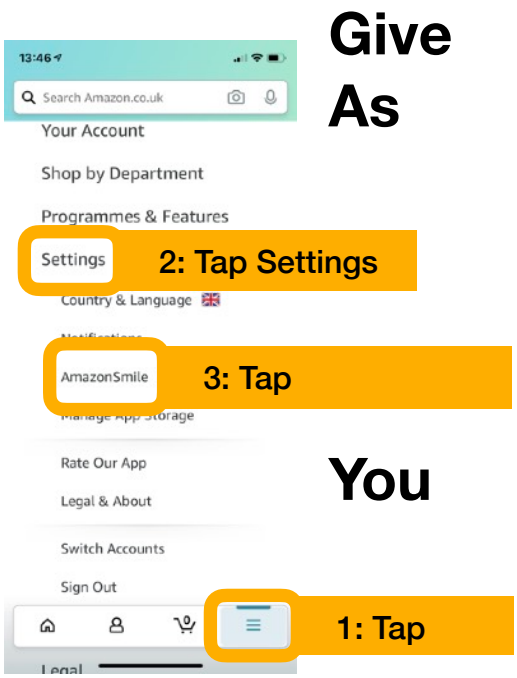
The instructions for any iPhone or Android smart phone are the same. You need to make sure that you have updated your Amazon app to the latest version. Otherwise the options explained below will not appear.

Important Note: The Apple iPad uses a different Amazon App which does not support Amazon Smile directly as yet. So to order through Amazon with an iPad you will need to use the your web browser (Safari, Firefox, Chrome etc) and use the PC instructions above.

Step 1: Tap the Options button in the bottom right of the screen

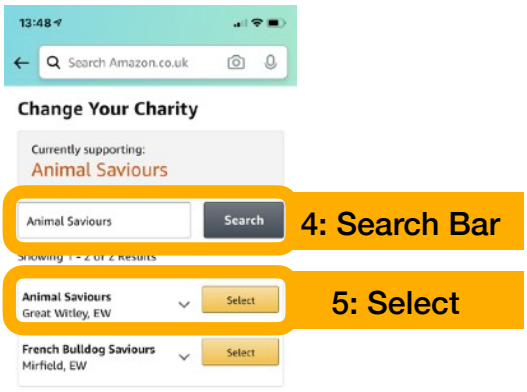
Step 2: Tap Settings in the options menu on the left of the screen

Step 3: Tap the AmazonSmile menu option



Step 4: Tap on the Search Bar and type Animal Saviours, then tap the Search button on the right.

Step 5: Tap the Select button next to Animal Saviours



Step 6: You should now get confirmation that Animal Saviours is selected as your chosen charity
